LEMALA NGORONGORO

On the rim of the Crater by the quiet Lemala access route

Lemala Ngorongoro is an intimate, seasonal camp set in a delightful, ancient acacia forest on the rim of the crater next to the quiet Lemala access route. The camp offers accommodation under canvas in only 8 luxury tents (accommodating 16 to 20 guests) and 1 family tent (accommodating 4 to 5 guests), which ensures seclusion in a pristine forest environment.

Each spacious tent is fitted with a gas heater, large single or king-size beds with warm duvets, wooden flooring with rugs, 24-hour solar lighting, en-suite bathrooms with a dressing area, flush toilet and a large safari shower. House alcoholic and non-alcoholic drinks and laundry are included.

The mess tent is beautifully furnished with grand sofas, lamps, book shelves and corner cabinets in old wood, chests and rugs. In the evening, guests gather around the campfire for sundowners before dining under chandeliers, which is hosted by the camp manager. The camp works closely with the local Masai community who often provide dances and talks on Masai life, their cultures, traditions and ceremonies. Guests enjoy the opportunity to interact with the Masai, learning more about their traditional lifestyles.

Lemala's major advantage over any other accommodation in this area, is the quick and easy access into the crater, which maximizes game viewing opportunities. The morning crater traffic is therefore avoided. Game drives from the camp may start as early as 6.15am and it only takes 15 minutes to descend onto the crater floor, the scenery is breath-taking and the wildlife abundant. Very often Lemala clients are on their own on the crater floor, enjoying the solitude and early morning light. Lemala guests therefore enjoy longer and significantly higher quality game drives.

The other advantage of this location is its close proximity to Ol Moti and Empakai craters, which offer beautiful landscapes and scenery. Walks from the camp into the forest and along the crater rim together with an armed ranger and the Masai gives guests spectacular panoramas of the crater and an insight into the forest dwelling animals.

Lemala camps also offer private hot lunches inside the crater or breakfast with the Masai on request.

Lemala offers great charm and luxury in a delightful prime location on the crater rim. It is perhaps the most intimate way to experience the crater's splendours. Don't miss this gorgeous seasonal camp facing a lovely forest filled with sounds of wildlife, birds and the bells of Masai cattle.

Lemala Ngorongoro can be booked on an exclusive basis.

OPEN: All year except April and May

SIZE: 8 Luxury tents and 1 family tent. Each luxury tent can accommodate triple. The family tent can accommodate 2 adults and 2 to 3 children.
